SIZE REQUIREMENTS

- 2,400 – 3,500 SF

WHAT IS GLOW SPA AND NAIL STUDIO?

Chan Tong & Elvis Nguyen, have owned and operated their Glam Spa & Nails Studio in Kentucky from 2008 to 2012. They have been traveling back and forth from Bettheyen, KY and MD for businesses for the last two years. After searching for two years, they have decided to open a new business here in Maryland and are interested in Bowie, Crofton, Annapolis, Upper Marlboro areas. They wanted to secure a business here and call it home permanently.

They have been doing their research on these areas by working at several different local day spas. While working here, they have recruited a great team of 12 members – massage therapists, estheticians, make-up artists, and nail technicians– who would all be ready for their Glow Day Spa & Nail Studio once it opens. Upon opening, they would have their team and their loyal/following clients in place instead of building the business from scratch.

They strongly & confidently believe it is time to open their new trendy and chic Glow Spa & Nail Studio. Glow Spa & Nail Studio combines an energetic vibe and relaxing atmosphere. If they can secure a location here, they will be hands-on full-time operators and remain here permanently. Glow Spa & Nail Studio is their life and they will focus on making it be finest Nail Studio & Spa in the area.
