

○ QUICK FACTS

AREAS TARGETED:

- Baltimore City and Baltimore County, MD

SIZE REQUIREMENTS

- 2,000 SF

WHAT IS 2AM PROJECT?

There's just something about that late night ambience that makes food taste so much better than eating during the daytime. We are in love with that strange mood where the streets are dimly lit with neon lights enticing customers to come in and enjoy guilty pleasures to heart's content. So we started a restaurant to manifest that vibe – 2AM PROJECT.

What we want is to bring more specialized late night restaurants into the food industry. Instead of the typical 2AM Taco Bell run, they want a more diverse selection of food past midnight. Wouldn't it be awesome to walk through the streets of Baltimore and partake late night classics from all around the world?
