WHAT IS CLEOPATRA INK?

The story of Cleopatra Ink, which began with a single studio in Alanya, Turkey, extends until 2014. We chose the name inspired by one of the most stunning beaches globally, Kleopatra Beach, located where our brand originated. As the Cleopatra Ink family, we are a brand born and raised on this unique coastline where we feel the power of art. Each artwork presented to our customers is personalized in harmony with the elegance and beauty of Kleopatra Beach. Thus, Cleopatra Ink stands out not only in the tattoo artistry but also in the mission of providing a unique experience.
