

○ QUICK FACTS

WHAT IS MODERN NAILS?

Modern Nails is a family business that involves a full time commitment of the founder's daughter and her husband. The company was originally started in 1984, when it opened and operated the very first Modern Nails salon in Studio City, California, where it served the local community and celebrities such as Janet Jackson, Brooke Shields, Heather Locklear, Paula Abdul and many more. Through dedication and excellent service, the community embraced Modern Nails and the salons quickly expanded.

Today Modern Nails is permanently based here in the D.C. Metropolitan area with locations to include Tyson's Corners and the Fashion Centre at Pentagon City. Modern Nails, through various trade names has grown steadily since the first opening in Ballston Mall eighteen years ago. Since the recent closing of that store due to Mall redevelopment, Modern Nails is continuing to grow and is seeking sites in Washington DC.
