WHAT IS HAUTE DOGS?

Some have called us a fast-casual restaurant, a fancy hot dog spot, favorite place local place for a dog and beer, a family memory of their kid's first hot dog, their go-to hot dog in the ball park, a hidden gem to share with friends, great neighborhood restaurant and the like - we identify as all but most importantly as something unique. We are family-owned and operated, SWaM certified, and both woman & minority owned. We see hospitality as a way to anticipate the needs of our guests' and opportunity to exceed their expectations. Being family operated allows us to extend that warmth to every guest that walks through our door with our commitment to excellent customer service and food that provokes Pavlov's dog style salivation upon recall. Haute Dogs was founded by Pamela Swanson & Lionel Holmes upon a unique time to open a small business, the 2008 recession. We are proud to have grown independently, self financed and 100% family owned since 2009 to 3 concessions in Nationals ballpark, 2 brick and mortars and food trucks.
