1,000 - 2,000 SF
2nd generation restaurant preferred, but not required

WHAT IS BETTER POUND WINGS?

At Better Pound Wings, our wings are gluten-free and made without flour, making them healthier, crispier, and allowing the juicy taste of the chicken to shine through.

With our patented technology, meat is kneaded, so you can enjoy a fresher taste and less time between order and customer service.

All sauces and ingredients are hand-picked and purchased directly from Da House and made by us. You can enjoy the best crispy chicken by frying for an optimized time at the optimal oil temperature.
