

CUPBOP 컵밥

KOREAN BBQ IN A CUP

Cupbop serves a bold, flavorful twist on Korean cuisine—healthy, affordable, fresh, and lightning fast.

In 2013, founder Jung Song launched the first food truck with just four main dishes and signature sauces, believing Korean food could win over the world. Crowds lined up to see the "crazy food truck guys" across Utah, leading to our first storefront and a growing presence in cities nationwide.

If you haven't seen our stores, food trucks, or concession stands yet, we're on our way!
